Quotation Request

for Wide Bandpass Filters (Highpass/Lowpass Design)

Please determine the type of filter you wish us to quote: enter the appropriate model numbers chosen from our K-Series Highpass and Lowpass Filter Data Sheets - either Chebyshev or Cauer (Elliptic) Designs. **See Product Indexes.** You can also have a Cauer on one side and a Chebyshev on the other.

Rules:

- ▶ **Lowpass Fco:** must not be higher than the listed upper passband limit of the HIGHPASS Filter - and not less than 1.1 x Fco of the HIGHPASS Filter.
- ▶ **Higher stopband frequency:** at least the listed upper stopband frequency of the LOWPASS Filter.
- ▶ **Enclosure width:** Filter will be as wide as the wider of the two filters.
- ▶ **Enclosure length:** length of HIGHPASS and LOWPASS Filters combined.
- ▶ **Maximum bandwidth:** limited to the listed HIGHPASS upper passband frequency.
- ▶ **Insertion loss:** the sum of the losses of the HIGHPASS and LOWPASS Filters.
- ▶ **Price:** prices of the HIGHPASS and LOWPASS added together plus 10%.
- ▶ **Quotation Request:** Please use form (see link below).
