EU REACH Regulation 1907/2006

Wainwright Instruments GmbH operates in compliance with the EU REACH Regulation 1907/2006 as a downstream user (producer of articles). According to information from our suppliers none of the materials we use contain substances found in the current SVHC candidate list (as of 28th January 2019) with a concentration of more than 0.1%.

Terence Wainwright
(Managing Director)
